Aug 5th 1910 Car No. 146

A Oysterwood Trolley car leaving the stand at 11:00 A.M. run off the tracks in Richmond near Putnam Ave striking a tree and wrecking the front end of the car. The car was in charge of Conductor. Thomas Dargun and motorman Joseph Johnsen. The conductor & motorman both were cut about the hands and arms from flying glass. A Mr. White of West 4th St who was a passenger on the car at the time of the accident also was slightly injured by broken glass. Councilman Montgomery and my self investigated the cause of the accident and found the flanges of the wheels of the car badly chipped especially those of the front trucks which evidently left the tracks first and caused the accident.

I investigated a complaint made by Mrs. Foster of the Young Women's Christian Association that two tons of coal was stolen from their coal bin in the rear of 212 East 5th St. at some time last night. I could not find any evidence of any coal being taken there were no fresh tracks in the snow around their yard or any of the yards near by. I also asked for the slips for the last delivery of coal which was made on February 7th 1911. One ton delivery by Ten Eyck and Kelley. At the time of the delivery there was about 500⁰⁰ lbs of coal in the bin and this morning about the same amount they have been using the coal every day since February 7th in the hot water heater. I think the coal held out very good considering the weather.
